Dec. 28

Dear Friend & Family,

John & I have been having a
wonderful Christmas season. We
opened your gifts on Christmas Day -
and were thrilled with the generous
sweaters you sent. I've never seen
such beautiful ones! I just love

the pink one for me - it's just the right
size and perfect for me. (It is my
favorite color too!) I also opened
the birthday gift - John said I
could! The necklace is exactly what
I wanted to wear with an outfit
I had already chosen for our trip
to New York City. How did you put
out just the right things for us??

Joy to you

at this special season.

I didn't get to make this note the
other night so here it goes:

We have such fun in New York - the
opera at the Met was fabulous and we
enjoyed walking around Central Park in the
cold weather. When we got back to
Washington we got one first snow yet!

Love, Vickie

Hope you have some repose from your
already too ~~interesting~~ Christmas. But
weather reports I've heard talk of more
snow out there.

Thank you again for the lovely pink
sweater and necklace. I'm so lucky
to have such dear and thoughtful parents
- in - law! You're very special to me.
